NAWIC Launches GoFundMe Campaign to Complete Hard Hatted Woman Documentary

As part of the continued effort in making a measurable difference, NAWIC announced the launch of the GoFundMe campaign with a \$10,000 donation toward a goal of \$40,000 to aid in the completion of Hard Hatted Woman. To be truly inclusive of all of NAWIC nation, we are asking chapters to make a suggested donation of \$250, and if every chapter did so, we would easily reach our goal!

NAWIC Benefits Spotlight

Procore Technologies, Inc., is a leading provider of cloud-based applications for construction. Procore connects people, applications and devices through a unified platform to help construction professionals manage risk and build quality projects - safely, on time, and within budget.

PROCORE

Procore has a diversified business model with products for Construction Project Management, Construction Financials, Quality & Safety, and Field Productivity. Headquartered in Carpinteria, California, with offices around the globe, Procore has more than 2.5 million users managing billions of dollars in annual construction volume.

Industry Update

Construction Employment Rises in 45 States and D.C. from July 2017 to July 2018

Forty-five states and the District of Columbia added construction jobs between July 2017 and July 2018, while 29 states and D.C. added construction jobs between June and July, according to an analysis by the Associated General Contractors of America of Labor Department data released today. Association officials cautioned that continued job gains may depend on swiftly implementing new training and education legislation to equip students and workers to enter the industry.

Contractors Expect More Change in Next 5 Years Than Past 50

Nearly 90% of contractors have faced risks related to shortages of skilled workers, while 67% have dealt with risks related to a dearth of qualified supervisory staff, found a new survey, "Managing Risk in the Digital Age," conducted by the Associated General Contractors of America Management along with a consulting and banking firm FMI Corp.
