NAWIC has partnered with the nation's leading association medical insurance program to benefit our members. The program, OutFront Health, is being brought to NAWIC by Cornerstone Companies, one of the Midwest's top employee benefit consulting firms. This program has been specifically built for NAWIC and other associations and is exclusively available for NAWIC members to use for their company's group health insurance plan.

Some of the highlights of the program are:

- Average 15 percent to 20 percent savings over standard market plans
- National PPO and pharmacy networks in place for nationwide coverage
- Multiple plan designs from which to choose
