2019 Region Spring Forum Guide

It seems like it will never end, but winter is nearly over and it's time to think about the warmer temperatures and sunny days of SPRING! It's time to come out of hibernation and join your fellow members at one of the Region Forums. It's a great opportunity to shake off the chill, gather with your peers and capture the spirit of NAWIC. Each of our eight regions are hosting an event in either April or May. Find the essential information about each in this handy preview guide online.

2019-20 Board Candidates Slate Announced

The following candidates have announced their decision to lead and represent NAWIC for the 2019-20 board year. A Candidate Guide will soon be available to learn more about these members and their careers with NAWIC. All eligible members will be asked to cast their vote in May. More election details will be available in the coming days but in the meantime, congratulations to all those running and the best of luck!

NAWIC Member Talks in Engineering News-Record: "Preventing Harassment = Safer & More Productive Environment for Workers"

On a dare from her ironworker brother in 1985, 21-year-old Vicki O'Leary took the ironworkers union apprenticeship test. She scored higher than he did and thought the matter was settled. But a Chicago apprenticeship coordinator offered her a job, which led to a 20-year construction trade career. “I’m not going to pretend it was easy, because it wasn’t,” says O'Leary, who worked on projects from O'Hare International Airport to McCormick Place convention center, always seeking opportunities to learn. She took an ironworker job for the city of Chicago that led to a role as it environmental health and safety coordinator. “I realized...

NAWIC Member Named 2018 Engineer of the Year by Alaska Business

Nominated by the Alaska Chapter of NAWIC National - U.S.A., Christine Ness, PE, FPE, CFPS of PDC Engineers was named the Engineer of the Year during last year’s E-Week. We’re pleased to share a little more about Ness and her vital work online here.

Congratulations Christine from everyone here at NAWIC!
Kubes Named National Board Chair of American Bar Association Forum

Minneapolis design and construction attorney will lead the largest organization of construction lawyers in the world.

MINNEAPOLIS (January 28, 2018) – Kristine Kubes, principal of Kubes Law Office, PLLC, Minneapolis, has been elected as Chair-Elect of the American Bar Association Forum on Construction Law, the largest construction law association in the world. She will serve as Forum Chair beginning September 2019. In this post, she will lead more than 6,000 Forum members who represent construction company owners, design professionals, general contractors, construction managers, subcontractors, suppliers, insurers and sureties. In the Forum’s 43-year history, Kubes is the first Forum Chair from a solo/small law firm and only the sixth female lawyer to serve as Chair.

NFSF Applications Deadline

The deadline for NFSF scholarship application submission is fast approaching! Applications and all required documents must be submitted to nssf@nawic.org no later than February 28th. I am pleased to report that we have received a number of applications to date for both undergraduate and trade/technical school scholarships. We are looking forward to adding to the count between now and the 28th.

The NFSF 2018-2019 Awards Committee/Trustees, Riki Lovejoy, Connie Leopard, Cindy Johnsen and I, will be meeting the end of March to review all applications and make the awards. All applicants will be notified shortly after that. Once all the awards have been made and student information verified, the Chapters, Regions, companies and outside organizations with scholarship funds administered through NFSF will be provided a list of scholarship recipients. There will also be a complete list of the 2019 recipients posted on the NFSF page on the NAWIC website.

I would like to thank everyone for supporting NFSF with donations this year. NFSF is currently administering scholarship funds for about 22 NAWIC Chapters, 3 NAWIC Regions, 1 Company, and 1 Outside Association, in
addition to the Foundation’s Funds.

Keep spreading the word that NFSF is ‘expanding the construction industry one student at a time.’

**Sandy K. Field** - NFSF 2018-2019 Administrator

**NAWIC Benefits Spotlight**

**NAWIC Membership Benefit Highlight - NAWIC Career Center**

The NAWIC Career Center offers construction companies, recruiters and hiring managers a unique resource that allows them to communicate their job openings to women in various fields of the construction industry. Finding the right women for the job has never been easier! The NAWIC Career Center features a construction industry online job board and NAWIC members can look to the job board to find employment opportunities. In the Career Center, members can post their resumes and find listings of the newest career opportunities related to the construction industry.

**Earn Your B.A. in Construction Management Online**

Rowan University’s B.A. in Construction Management is a degree completion program for individuals in the construction industry who have an associate’s degree or equivalent number of credits, and prefer to work while earning a degree. Endorsed by the North America’s Building Trades Unions (NABTU), the program prepares individuals to supervise, manage, and inspect construction sites and associated facilities. Academic credit may be awarded for prior work experience.

Industry Update

High Stakes: State Cannabis Laws Make Contractors' Obligations Hazy

As medical and recreational use of marijuana becomes more acceptable — and in some instances, legal — contractors are faced with a growing pool of candidates that are testing positive.

WIC Week March 3-9, 2019
The focus of Women in Construction (WIC) Week is to highlight women as a visible component of the construction industry. WIC Week also provides an occasion for NAWIC’s thousands of members across the country to raise awareness of the opportunities available for women in the construction industry and to emphasize the growing role of women in the industry. It is also a time for local chapters to give back to their communities.
