NAWIC Launches GoFundMe Campaign to Complete Hard Hatted Woman Documentary

WE ARE IN OUR FINAL WEEKS OF FUNDRAISING; MAKE YOUR DONATION TODAY!

As part of the continued effort in making a measurable difference, NAWIC announced the launch of the GoFundMe campaign with a \$10,000 donation toward a goal of \$40,000 to aid in the completion of Hard Hatted Woman. To be truly inclusive of all of NAWIC nation, we are asking chapters to make a suggested donation of \$250, and if every chapter did so, we would easily reach our goal!

Calling for Installation Scripts

NAWIC is updating and compiling **Installation Scripts**. What script did your chapter use for installing your new Board of Directors? Did you have one that was unique, custom, thematic or just simple? **We want it!** Please send your most recent script to President-Elect [Diane Mike](#). She will compile and incorporate all into our newest edition of the **Chapter Chartering Handbook**.

Earn Your B.A. in Construction Management Online

Rowan University's B.A. in Construction Management is a degree completion program for individuals in the construction industry who have an associate's degree or equivalent number of credits, and prefer to work while earning a degree. Endorsed by the North America's Building Trades Unions (NABTU), the program prepares individuals to supervise, manage, and inspect construction sites and associated facilities. Academic credit may be awarded for prior work experience.

NAWIC Benefits Spotlight

NAWIC welcomes Miller & Long as an official NAWIC sponsor. We wish to thank them for their contributions at Annual Conference in Orlando. Miller & Long were the supplier of the conference bags, as well as lead sponsor of both the Mobile App and Chapter Leadership Training session.

Miller & Long is the leading, full-service provider of concrete construction services in the mid-Atlantic region. They supply, form, pour and finish all cast in place concrete elements for structural framing on commercial, residential, mixed-use, and municipal projects. Launched with just two partners, this company now averages more than 1,500 employees working to build local communities from the ground up. ([Read more](#))

Industry Update

Eighty Percent of Contractors Report Difficulty Finding Qualified Craft Workers

Eighty percent of construction firms report they are having a hard time filling hourly craft positions that represent the bulk of the construction workforce, according to the results of an industry-wide survey released recently by Autodesk and AGC of America. Association officials said shortages pose a significant risk to future economic growth and they released a new workforce development plan to solve the growing problem.
